

MIES  **EUROPEAN
UNION PRIZE
2015**
VAN DER ROHE

Video Project “European identity – Made in Europe”

Brussels, 15 September 2015

Creative Europe and the **Mies van der Rohe Foundation** present the video project **European Identity – Made in Europe** as part of the event **Shaping European Cities**. The event marks the opening of the exhibition on the 2015 European Union Prize for Contemporary Architecture - Mies van der Rohe Award.

Is there a European identity? Sixteen architects studios in sixteen different European cities, from London to Lisbon, from Bucharest to Trondheim, reflect on this question. The debate began at the 2014 La Biennale di Venezia, with the exhibition **Made in Europe**, celebrating the 25 years of the Prize. The question does not have a single answer, but rather generates an ongoing reflection about what Europe is, what unites us and what makes us different.

All the studios interviewed have been involved in the **European Union Prize for Contemporary Architecture – Mies van der Rohe Award** as nominees, finalists, winners or emerging architects.

The video project is supported by Creative Europe and the Mies van der Rohe Foundation.

All the 16 videos are **available online** on the media channels of the Mies van der Rohe Foundation.
