We invite you to take part
in a guided tour by Roldán
Berengué architecture
studio through the social
housing project within the
Fabra & Coats complex . The
transformation of the G
warehouse of the old factory
is included in the recovery of
this textile complex from the
19th and 20th centuries to
incorporate it into the network
of “fabriques de creació de
BCN”. In the Sant Andreu
district, more than 28,000m²
will be provided for facilities
and also, for the first time, for
social housing.
